How to start second hand shopping?

If you are careful with money or you like extraordinary clothes or maybe you would like to be more eco-friendly you should try to buy things in second-hand shops or exchange with others. How to start it?

Firstly, search for a few:

a) second hand shops in your town:

-
-
-
-

b) online second hand stores:

-
-
-
-

c) clothing exchange portals:

-
-
-
-

Secondly, definitely you should visit some of them and look around. Maybe one of them will suit you or maybe you will be lucky and you find real „bargains“. If you didn't like them, don't give up too soon, there is plenty such places, maybe next time will be better. Look for a new address and check for yourself how it is there.

Thirdly, by comparing the prices of different items, you can see for yourself if it is worth it.

So search for prices on the goods listed below:

Item	Second hand - stationary store	Second hand - internet portal	Online sales	Regular price	Comments
Blouse / shirt					
T-shirt					
Sweater					
Trousers					
Jeans
